

NUF2022 programme - PRELIMINARY

WEDNESDAY JUNE 8th

NUF
2022

June 8-11, 2022
Helsinki, Finland

Room 102

13:00-16:15 NUF WORKING GROUP MEETINGS

- 13:00-14:30 UROTHELIAL GROUP (Room 215)
- 13:00-14:30 PENILE CANCER GROUP (Room 216)
- 13:00-14:30 STONE GROUP (Room 217)
- 14:45-16:15 SPCG – SCANDINAVIAN PROSTATE CANCER GROUP (Room 215)
- 14:45-16:15 KIDNEY GROUP (Room 216)
- 14:45-16:15 COLLABORATION GROUP ON RECONSTRUCTIVE UROLOGY (Room 217)

10:00-16:30 RESIDENTS DAY

Nordic residents in urology day

Acute Urology (including iatrogenic): Lecturer names and affiliations - TBA

- 10:00-10:15 Welcoming, introduction
- 10:15-11:00 Acute Infections
 - Fournier's gangrene
 - Pyonephrosis, emphysematous pyelonephritis

11:00-11:10 Break

- 11:10-12:00 Bladder and urethral trauma
 - Bladder and urethral trauma
 - Urethral (pelvic fractures, foreign body)
 - Bladder rupture (including iatrogenic)

12:00-13:00 Lunch

- 13:00-14:15 Acute genitalia
 - Torsio testis
 - Testicular trauma
 - Priapismus
 - Penile fracture

14:15-14:30 Coffee break

- 14:30-15:30 Ureter and Kidney, trauma, infection, bleeding tumors
 - Iatrogenic ureter trauma
 - Kidney
- 15:30-16:30 Urologic residency: US and Nordic experience

Room 101

16:30-17:30 OPENING CEREMONY AND EAU LECTURE

Opening words

President of the Nordisk Urologisk Förening (NUF): *Christian Beisland, NO*
Chairman of the NUF2022 organising committee: *Mika Matikainen, FI*
President of the Finnish Association of Urological Nurses Urhot RY:
Jaana Rothovius, FI

The European Association of Urology (EAU) lecture:
The future of EAU Guidelines by Professor *Maria Ribal, ES*

19:00-20:30 WELCOME RECEPTION – City Hall

20:00-23:00 RESIDENTS DINNER

Room 103

Nurses programme

10:00-11:15 Uncommon urological diseases

- 10:00-10:45 Penile cancer
Antti Kaipia, FI
- 10:45-11:15 Men's experiences with penile cancer
Minna Törnävä, FI
- 11:15-11:45 Supporting penis cancer patients by means of sexual therapy
Maia Pekki, FI

13:00-13:30 Uncommon urological diseases (Room 103)

- 13:00-13:30 Urological birth defects
Rikke Knudsen, DK

13:30-16:15 Hospital Visits

- 13:30-14:00 Transition to the hospital
- 14:00-16:15 Hospital Visits

THURSDAY JUNE 9th

08:00-09:45 Prostate cancer

08:00-08:05 Opening, *Ola Bratt, SE*

08:05-08:25 Role of MRI and PET in PCa diagnostic evaluation

Fredrik Jäderling, SE

08:25-09:45 MRI and new biomarkers in PCa screening

Anssi Auvinen, FI

08:45-09:05 PCa prognostics

Andrew Erickson, FI/US

09:05-09:25 Role of RP and RT in primary oligometastatic PCa,

Bjørn Brennhovd, NO

09:25-09:45 Role of palliative cystoprostatectomy for symptomatic

advanced prostate cancer, *Martin Andreas Røder, DK*

Conclusion

08:00-09:45 Urothelial cancer session

NorCys Trial and Radical Cystectomies in the Nordic Countries in 2022

Peter Boström, FI

Practical Issues Regarding New Strategies for TURB with En-bloc, Laser etc. as an Overview

Jorgen Bjerggaard Jensen, DK

Nordic Survey of the Upper Tract Urothelial Carcinoma

Kimie Oedorf, DK

Side-effects of the BCG instillations- The Dwell-time Study

Lene Munk, DK

08:00-09:45 Urological nursing at patients' home

08:00-08:35 Bladder rinsing treatments at patients' homes

Erica Grainger, DK

08:35-09:10 Guiding self-catheterization at patients home

Mira Inkinen, FI and Seija Salomaa, FI

09:10-09:45 Catheterization problems at patients home

Erica Grainger, DK

9:45-10:15 Coffee break & exhibition

10:15-12:00 Artificial intelligence (AI) and Big Data in urology

10:15-10:20 Opening, *Antti Rannikko, FI*

10:20-10:40 Lessons learned from setting up EU wide Big Data initiative - The PIONEER *Maria Ribal, ES*

10:40-11:00 AI for Image-based Diagnostics, *Tuomas Mirtti, FI*

11:00-11:20 Bladder cancer diagnostics using AI, *Jacob Elmose Jensen, DK*

11:20-11:40 Biobanks and datalakes in cancer research, *Anders Bjartell, SE*

11:40-12:00 EHR systems – friend or enemy – *TBA*

Conclusion

12:00-13:00 Lunch and satellite symposium by the NUF2022 Gold sponsor (for doctors only)

13:00-14:45 Kidney cancer

Chair, *Lars Lund, DK and Petrus Järvinen, FI*

13:00-13:02 Opening words, *Petrus Järvinen, FI*

13:02-13:18 Histology and putative novel biomarkers in outcome prediction of RCC, *Tuomas Mirtti, FI*

13:18-13:34 Liquid biopsy, *Lars Lund, DK*

13:34-13:45 Health-related quality of life after nephron-sparing treatment, *Teresa Junker, DK*

13:45-13:56 BOS3 study report, *Juhana Rautiola, FI/SE*

13:56-14:12 Importance of Surgical Waiting Time on all-cause mortality in non-metastatic RCC, *Börje Ljungberg, SE*

14:12-14:28 Advanced RCC – surgery, *Harry Nisen, FI*

14:28-14:44 Advanced RCC – adjuvant and neoadjuvant treatment, *Kalle Mattila, FI*

14:44 -14:45 Closing words

13:00-14:45 Trauma & reconstruction

Opening words

Basics of trauma management, *Lauri Handolin, FI*

Genital trauma

Case-based approach with voting, *Rafn Hilmarrson, SE*

Urethral trauma, pelvic fracture urethral injury

Case-based approach with voting

Ole Jacob Nilsen, NO /Jukka Sairanen, FI

Key points of assessment and management of bladder trauma

Case-based approach with voting, *Lisbeth Salling, DK*

Key points of assessment and management of ureteral trauma

Case-based approach with voting, *Helene Jung, DK*

Renal trauma, Case-based approach with voting

Gigja Gudbrandsdottir, NO /Ralph Peeker, SE

Closing words

14:45-15:15 Coffee break & exhibition

15:15-17:00 Poster session1

15:15-17:00 Poster session 2

17:15-18:15 SATELLITE SYMPOSIUM

by the NUF2022 Silver PLUS sponsor

17:15-18:15 SATELLITE SYMPOSIUM

by the NUF2022 Silver PLUS sponsor

14:45-15:15 Coffee break & exhibition

15:15-17:00 Teamwork and new methods

15:15-15:50 Team model in urological outpatient clinic

Elina Soini-Koskinen, FI, Hanna Veijola, FI and Sara Karnell, FI

15:50-16:25 "Mobile documentation enables more time for patient" – aspects for mobile documentation in specialized health care,

Sini Laukkanen, FI

16:25-17:00 Module practice on a hospital ward

Jani Kokkonen, FI

Nurses programme

102

103

FRIDAY JUNE 10th

08:00-10:00 Evidence based medicine (EBM) in urology

08:00-08:05 Intro, *Gordon Guyatt, CA*
08:05-08:20 Importance of relative versus absolute effect, *Bart (L.P.W.) Witte, NL*
08:20-08:35 Heterogeneity in systematic reviews, *Angie K. Puerto Nino, CA*
08:35-08:50 Subgroup analysis in randomised trials, *Tuomas Kilpeläinen, FI*
08:50-09:05 Surrogate endpoints – pro, *Alberto Martini, IT*
09:05-09:20 Surrogate endpoints– con, *Kristen McAlpine, CA*
09:20-09:35 When is a study or meta-analysis big enough, *Kathrin Bausch, FR*
09:35-09:50 Trustworthy guidelines, *Philippe D. Violette, CA*
09:50-10:00 Conclusion, *Kari Tikkinen, FI*

10:00-10:30 Coffee break & exhibition

10:30-11:00 The International Continence Society (ICS) lecture: How the fundamental clinical assessments are crucial for decision making in male LUTS? *Marcus Drake, UK*

11:00-12:30 LUTD - living with the late effects of cancer treatment

11:00-11:05 Opening words, *Henriette Veiby Holm, NO*
11:05-11:15 Male incontinence work up incl. urodynamics
Lotta Renström Koskela, SE
11:15-11:30 Male incontinence treatment incl. complications of the treatment, *Vincent Tse, AU*
11:30-11:45 Bladder dysfunction in males and females
Sachin Malde, UK
11:45-12:00 Radiation cystitis, complications of instillation therapy
Karin Hjelte, NO
12:00-12:15 Devastated outlet, AUS cripples, symphysitis and fistulas
Francisco Martins, PT
12:15-12:30 QOL, living with late effects, sexuality
Charlotte H Graugaard-Jensen, DK

11:00-12:30 Stones, infections and andrology

Opening words, *Arto Mikkola, FI*
How to minimize prostate biopsy related infections?
Inari Kalalahti, FI
Importance of stem cells in fertility restoration: The road to clinical implementation
Jens Sonksen, DK
Conclusion

Nurses programme

11:00-12:30 Patient safety and quality of care

11:00-12:00 Second victims – how to survive after severe adverse events
Sally Leskinen, FI
12:00-12:30 Case Management and Interprofessional Collaboration
Eeva-Kaisa Hannelin, FI

12:30 -13:15 Lunch & exhibition

13:15-14:15 NUF General Assembly

14:15-14:45 Coffee break & exhibition

14:45-16:15 Quality and effectiveness of urological treatments and patient care – why do we need national and international registries

14:45-15:05 Swedish National Quality Registries
Petra Hasselqvist, SE
15:05-15:25 Findings, trends and learnings from Swedish urological cancer registries
Pär Stattin, SE
15:25-15:45 National quality registration effort in urology in Finland
Otto Ettala, FI

14:45 – 16:15 Bladder, penile and testicular cancer

RPLND in testicular cancer in 2022?
TBA
Endoscopic inguinal lymphadenectomy for penile cancer?
TBA
An overview of the two dilemmas/choices: Cystectomy vs bladder sparing?
TBA
Chemo vs immunotherapy in the neoadj setting and at the time of recurrence?
Jorgen Bjerggaard Jensen, DK

14:45-16:15 Bladder cancer

14:45-15:20 None-muscle invasive bladder cancer – diagnosis, treatment and follow-up
Pyry Jämsä, FI
15:20-15:50 The job description of a care planner in the care of a TURB patient
Mira Peltonen, FI

NUF
2022

15:45-16:15 Discussion – What would be the optimal way to collect quality data and motivate healthcare professionals to actively use it

16:15-16:45 Coffee break & exhibition

16: 45-17:45 Poster session 3

16: 45-17:45 Poster session 4

19:00-23:00 Congress Dinner

SATURDAY JUNE 11th

9:00-11:00 Souvenir session 1

09:00-09:20 Guidelines and evidence-based medicine + best poster

09:20-09:40 Big data and AI + best poster

09:40-10:00 Prostate cancer + best poster

10:00-10:20 Bladder cancer + best poster

10:20-10:40 Kidney cancer + best poster

10:40-11:00 Trauma, reconstruction and penile surgery + best poster

11:00– 11:30 Coffee break

11:30-12:15 Souvenir session 2

11:30-11:50 Functional urology + best poster

11:50-12:10 Stones, infections and erectile dysfunction + best poster

12:10-12:30 Closing remarks

12:30-13:30 Farewell lunch

15:50-16:15 TURB from the perspective of operating room nurse

Merja Jutila, FI

16:15-17:15 Urological patient's story

TBA

17.15-17.45 Coffee break & exhibition

**NUF
2022**

June 8-11, 2022
Helsinki, Finland
